Miss Elizabeth Greene, President
National Association of Railway Business Women,
125 Spring Street, S. W.
Atlanta, Georgia.

Dear Miss Greene:

I acknowledge receipt of your esteemed letter, concerning the annual convention of the National Association of Railway Business Women which will close with a banquet on Friday evening, May 27, at the Dinkler Plaza Hotel.

In reply thereto, I am pleased to grant a dispensation from the law of abstinence for Friday, May 27, in favor of all Catholics who will be present at the banquet on that evening. I must ask, however, that the dispensation be announced publicly at the beginning of the banquet.

Early in May I shall send you the schedule of Masses and devotions in our downtown churches and at the Cathedral of Christ the King.

With best wishes for the success of the convention and with sentiments of esteem, I am

Devotedly yours in Christ,
James E. Hyland
Bishop of Atlanta

FEH:A

President's Message

Soon you will be traveling toward Atlanta and we are so happy that you are coming to visit us in our beautiful city and to enjoy the fellowship that we, as railroad women, enjoy.

This is my last message in this magazine to you as your National President. It has been an enjoyable two years, you have been so kind to work with me so beautifully, and I have had loads of fun working and playing with you.

I am sorry to tell you that our Convention Chairman continues very ill and they tell us Hepatitis is a rather long drawn out affair. She is home, feels terrible about not being able to carry through with the work that she had outlined, and would appreciate your cards.

You will remember that at Christmas time we donated toward a Fund for Sarah Barker's needs, but before the matter could be brought to a conclusion Sarah went into a coma and we were never able to accomplish what we wanted to do. Your National Board discussed what would be the best thing to do with this Fund and came to the conclusion, after discussion with Sarah's family, that a pretty marker for her grave would be an ideal way to dispose of it. This has been done and you will see in this issue a picture of the monument that has been erected. We sincerely hope that you are happy with your National Board's action. Sarah's family is so pleased and wish to thank each of you for your part in showing our appreciation of a President that worked untiringly for this organization.

At this sixteenth convention we are endeavoring to give you more tools with which to work. Mesdames Taylor and Yancey on Monday, May 23 from 10:30 to 1:00 P. M. will give you excellent ideas on how to get along with people, how to work with groups, how to accomplish projects, etc. and in the afternoon we will put these ideas into our own association's work. Those of you who will be leaders in our association this coming year can't afford to miss this opportunity. Both of these women are excellent and you would enjoy them. It isn't too late to send in your reservations and I would appreciate your supporting this phase of the program.

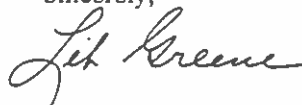

We are presenting to you for your consideration at this convention a standard set of bylaws under which all chapters will operate, taking care of local situations in our local standing rules. In this way we hope to initiate a closer bond between national, district, and local; a two way line of communication in committee work — national chairman to district chairman, district chairman to local chairman and back up the line. We hope to have bulletins frequently coming to the local chapter with interesting ideas on a particular phase of committee work. We hope to offer you many interesting ideas in these bulletins from which you can select the ones you like and from this will stem a well-rounded program of activities for each of us.

Recently the Association of American Railroads has set up a Women's Division in the Public Relations Department in Washington, D. C. and you will have the opportunity of meeting and being with Miss Frances Krimmel, Manager of this newly created department. I have had the pleasure of having several conferences with her and you will enjoy knowing her.

May I once again thank you for giving me the privilege of working with you as your National President and to wish for us many happy hours of working together in the future. Especially do I want to thank our chapter president who has so ably been "Miss Railroad woman" in her community, a good citizen, and a wonderful "gal".

Each of you please come by and see me in the National President's suite at the Dinkler. I will be waiting and anxious to greet you.

Sincerely,

COME JOIN US FOR

Final Report of National Residence Chairman - Stella Miller

Immediately after the purchase of our residence at Boca Raton (authorization having been voted at the Dallas Convention in 1958 for purchase of same) I was appointed Residence Chairman and have been acting in that capacity for the past two years.

I immediately made a trip to Boca Raton to look over the property and since that time I have made many, many trips down there. Between the time of my appointment and the first Board Meeting held in Chicago in November of 1958, I made a survey of the retired members, sending out approximately 600 letters. I received many replies but no one said they were interested in living at the residence at that time. All of this was reported in my first report published in our National Magazine. I reported to the National Board the results of my survey and it was then decided that we retain the services of Day Realty Company at Boca Raton for the purpose of renting the apartments to outsiders in order to try to make expenses on the property in the interim. This was done.

At the Convention in Philadelphia, in 1959, it was again decided by the convention body to continue the operation of the residence as it had been operated the previous year.

At the 1959 Spring National Board Meeting held in Chicago I was authorized to spend \$1000 for painting of the residence. When I went down to make the final ar-

rangements for the painting in February, which I had purposely delayed because of the weather and too, trying to avoid disturbing the tenants as much as possible, with open windows, etc. during the process of painting, the contractor told me he had found some of the windows so warped they would not close. He was authorized to go ahead and repair them before starting on the painting, which repairs were made.

The exterior of the apartment has now been painted white and flamingo which makes the building look much larger than when it was painted a chocolate brown. The contractor suggested a new hat to go with the new dress, i. e., an aluminum paint job on the roof, but it looks very well without the additional expense, and too, I was advised the roof was in good shape as it is.

At one of the National Board Meetings it was recommended that we tear down the garage to save the cost of painting same. I was advised against tearing it down as it was thought by the Day Realty Company and the contractor to add a lot to the value of the property, so this idea was dismissed.

We have had to replace many of the electrical appliances in the apartments and I am advised that the water heater for Apartment 1, will soon have to be replaced.

The water sprinkler system in the yard has completely rusted out and to replace the same it will cost approximately \$200.00.

This is, of course, a very necessary thing in Florida as lawns must be watered if they are to grow. This has not been brought before the Board as yet.

I was advised by the Day Realty Company that the wiring of the residence is completely inadequate for the load it has to carry; that they were advised when the house was wired, the wire used was much too small for the building and with the many appliances used therein, the load is too much. It has been recommended that we have the entire building rewired, because there is a bad fire hazard existing at the present time. I am getting an estimate on what this will cost.

All of the apartments are now rented, even the small room and bath in the basement.

We were fortunate in getting a very good yard man and he has gotten the yard and the shrubs in splendid condition. The Miami Chapter asked permission to replace some of the worn out shrubs and the National Board, in March 1960, granted this permission, with the approval of the National Residence Chairman and the yard man.

It was necessary that we purchase 100 pounds of fertilizer for the yard and additional fertilizer for the shrubs and trees, in February of this year.

As I have reported, we had to practically refurbish Apartment 5 before it could be rented last fall. It was completely repainted on the inside, a new refrigerator was placed in the apartment, some of the furniture replaced, some repaired, and the drapes and throw rugs were all cleaned. The apartment looks very nice now. I am glad it had just been done when some of our northern members visited the apartment as it was certainly an improvement over what was there before.

Articles have appeared in various magazines - (not pointing their finger directly at the Residence Chairman - but WHO ELSE) which have inferred that in contacting the retired members we have not done enough. They seem to think we should contract the prospective retired members. We have already done this through our National Magazine, if, of course, the magazines have gotten to the entire membership, through their local chapters. We have no way of knowing who is about to retire or contemplating retirement within say the next 2, 3, or 5 years, but if those

members have read the National Magazine, they are fully and accurately informed. If they desired more information, they were free to ask for it through their Residence Chairman. I have tried to answer every inquiry I have received from members, if I have missed one I am truly sorry, for I have tried in each instance to give those who have made inquiry the true facts to which they were entitled.

One of our great problems now and one that should be straightened out but - HOW? I don't know. Our tenants complain bitterly about being annoyed by our members visiting the residence and insisting on seeing the apartments. Surely they must know that *rented* property is not available for personally conducted tours by the *owners*. And too, they must be mature enough to know that since the acquisition of the property it has not been operated as a residence for retired women, not through any fault of ours, but because we have not been able to find retired women who are ready to go to a home. If we can just keep our members from annoying our tenants until the residence is operated as a residence for our members, we will have accomplished at least something.

Another problem which is almost as bad - that is the various publications quoting this and that about the residence. Now don't misunderstand me, I am not blaming the individuals, they are probably, from the reports, quoting something they have read or been informed by some individual who wasn't in the "KNOW". I am sorry for them, but I do think it would be nice if they would think twice before informing people of something they apparently know nothing about. What is it that Abe Lincoln said - or maybe he didn't, but someone said it - HE WHO TALKS WITHOUT THINKING RUNS MORE RISK THAN HE WHO THINKS WITHOUT TALKING.

In this issue there is a complete financial statement on the Residence, prepared by our Treasurer, Janice Marks.

As most of you know, if you have read my various reports during my term of office, Apartment 1, set aside for our members was redecorated and refurbished. Those who contributed to this are the following: Mobile Chapter, Miami Chapter, Elizabeth Greene of the Atlanta Chapter, Bess Bowling and Gladys Glass of the Columbus Chapter, Delia Aldrich of the St. Louis Chapter, and I, of the Jacksonville Chapter. All of this

has been greatly appreciated and added much to the comfort of our members who have rented the apartment in the last two years.

It has been suggested when Apartment 4 is empty that we change and set aside Apartment 4 for the members in lieu of Apartment 1. Apartment 4 is larger and I think our members would enjoy it more. (This apartment now rents for \$100.00 per month.) Perhaps the rent would have to be adjusted but time will take care of that. Evelyn Pierce, one of our Past Presidents, selected Apartment 1 to be set aside for our members, but I do think Apartment 4 might be more desirable, however, we would be losing \$100.00 a month rent; and have not rented the NARBW apartment too many months out of the year.

I have had many nice letters from our members occupying Apartment 1 and all have enjoyed their stay at the residence very much. I think at time goes on the members will become more and more interested in thinking of our residence as a home. I also think in the beginning it was hard for them to realize that their dream had actually become a reality.

Many, many hours of hard work have gone into being your Residence Chairman these past two years and I have enjoyed it, and have tried to the best of my ability to do just as I was directed to do, although there as some who disagreed completely. Perhaps when they know more about the actual situation they will be more tolerant of a Residence Chairman.

Many suggestions have been submitted to me on how to operate the residence. Some of them were good, but not practical, and others have criticized its operation severely. This is, of course, their privilege. I was only sorry that those who criticized did not contact me and let me advise them of the many, many things that entered into the picture, of which they had no knowledge, and evidently were not interested in. All is not gold that glitters. They only saw what appeared on the surface, having no conception of the many, many difficult problems with which we were being confronted each day.

I want to express my deep appreciation to our President for having given me the privilege of serving as Residence Chairman.

It has really been an education as well as a revelation in many different ways. I assure you I am much the wiser for having had the experience.

Please be more tolerant of your next Residence Chairman. It is a job, I assure you.

In closing I would like to quote from an unsolicited letter from one of our members from St. Paul that spent considerable time down at the Residence this year.

"I am awfully sorry that I missed you both times — but I hope I can stay at the residence again some time and perhaps meet you or maybe at a convention.

"Several of the girls have asked me about the residence and I have very frankly told them that the apartment we use is fine, everything to keep house with in it. That Boca Raton is a wonderful place, lots of fresh air — which I appreciated so much as our air is so polluted with industry smoke — and I also appreciated that wonderfully soft, soft water. Here — we have water as hard as stone. But I have also told them frankly that the residence itself it not in a good location for elderly retired women as there is absolutely no transportation. Some have said, 'it is 5 minutes from the station, or 10 minutes from the stores' etc, but that means nothing if you have no car. One certainly cannot walk to the station or to the stores."

As to taking over Apartment 4 eventually — for the use of the girls — perhaps it would be a good idea. I have had some of the girls ask me if the small apartment would hold more than two people. BUT it would depend, I should say, on how many requests or inquiries you have received from groups of 3 or 4 or more. And would the girls want it every month of the year. The way it is now you are getting regular rent every month and it would be too bad to lose that just to rent it to the girls for two or three months in the winter time.

Again thank you for the privilege of serving you for the past two years as your Residence Chairman. I have served you to the best of my ability.

Survey Conducted by National Residence Committee

ATTENTION: ALL MEMBERS OF N. A. R. B. W.

Will you answer the following and return to your National Residence Chairman IMMEDIATELY.

MRS. STELLA MILLER, 2303 ERNEST STREET, JACKSONVILLE, FLORIDA

. . .

This information is needed for your National Committee to study and make its recommendations to the convention body in Atlanta in May, 1960. Your National Residence Committee is composed of 6 district chairmen representing you, Past National Presidents, your current National President, and the Chairman.

. . .

NAME OF MEMBER _____

(Miss or Mrs.)

ADDRESS _____

CITY _____

CHAPTER _____

1. Have you read the articles concerning the Residence appearing in this magazine for the past two years _____? If you have read these, you are thoroughly familiar with the Residence's present operation.
(yes or no)

2. Are you or any one in your chapter interested in living in the Residence as a residence for retired women _____?
(yes or no)

3. Are you willing to say definitely that you will live at the residence? If so, when would you be willing and ready to enter?

4. What are your suggestions as to charge per person on a year round basis?

5. Are you ready to sign up for permanent residence _____? It is necessary that we have concrete information before we can hope to successfully operate as a residence.

6. Are you interested in living in a residence when you retire _____?
_____?

7. Are you a retired member _____? Are you retiring within the next five years _____?

8. Would you be interested in living in Boca Raton at the present residence address _____?
_____?

9. Would you prefer that your Residence Committee recommend to the Convention body that we trade this property for a Residence nearer transportation, stores, recreational facilities, churches, libraries, etc?

10. Would you prefer a Residence in a big city, centrally located in the U. S. where we might use part of it as permanent national headquarters of this Association and use part of it as a Residence for retired members?

(Please give this serious consideration, as our Association is very badly in need of a national headquarters)

11. Would you advise our retaining the property in Boca Raton with the hope that property values will be enhanced in years to come?

12. Day Realty Company charges 5% of amounts collected for their services which consists of daily visits, overseeing tax problems, licenses, collection of rents, and all other problems confronting us. Do you think this is equitable or do you think we should hire some one to stay on the property? (5% of amount collected figured against having someone living on the property in apartment rent free which rents for \$60.00 per month - \$720.00 per year.)

ANY FURTHER COMMENTS - SUGGESTIONS - IDEAS THAT WILL BE HELPFUL TO YOUR COMMITTEE

This information is essential if we, as a committee, are to intelligently recommend to the convention body concrete plans for the future. This Association BELONGS TO EACH INDIVIDUAL MEMBER and it is your responsibility to express your INDIVIDUAL IDEAS. We are a democratic organization and should abide by the will of the majority of its members after each member has expressed herself. Your committee has been endeavoring to do the best job possible, but our previous poll indicated no one was interested. Our desire is to be fully acquainted as to your thoughts and desires as of 1960. THIS IS YOUR OPPORTUNITY. EXPRESS YOURSELF. Please cooperate with us.
